

20.01.2016

## README

The input data sets of versions 2013, 2014 and 2015 were generated by converting the 2012 model in the following order

2012.2→2013.2→2014.1→2015.1

the conversion tool of the subsequent PetroMod version was used. No editing or quality control was performed. Use with caution and at own risk.
